This expenditure report covers the program year for each Fellow attending your institution; i.e., summer to summer or fall to fall. Please annotate the Expenditure Report Worksheet for any Fellows who did not use full NSF Fellowship support during the past academic year. For example, please note any Fellows who have transferred, terminated early, changed status from reserve to active or vice versa, or forfeited part of their support. Please specify the amount of stipend and cost-of-education allowance used by any Fellows not using the full amounts of these allowances. For most Fellows integral multiples of the monthly stipend and full cost-of-education allowance will have been paid to the Fellow or claimed by the institution and reported on the Expenditure Report (see [Information for Graduate Research Fellows](#), NSF 01-94 and [Coordinating Officials Guide](#), NSF 97-26).

We welcome you to correct the worksheet if necessary, and to summarize the information on the expenditure report. **Please make sure that the amount reported on the expenditure report matches the amount reported on the worksheet.**

Please also note that residual funds from earlier grant amendments must be utilized. Not using funds from earlier grant amendments is a common mistake that causes extra work for universities and the NSF. Expenditure of grant funds is not restricted to NSF Graduate or Minority Graduate Fellows named in a particular grant instrument; available grant balances may be used for any NSF Fellow who is in compliance with applicable program guidelines. Thus, funds from prior year grants may be used to support any NSF Graduate or Minority Graduate Fellow duly enrolled at a fellowship institution for an advanced degree in a field supported by NSF. The Foundation will periodically identify Fellows known to be enrolled or planning to enroll at the fellowship institution and will on request verify the fellowship status of these other individuals.

If you have questions about this report or other aspects of the Graduate Fellowship Program, you may contact program staff by Internet e-mail at grfp@nsf.gov, by phone at (703) 292-8694, or by fax at (703) 292-9048.
